

Financing

Description

## Financing

The home building/remodeling process is stressful and in today's world sometimes it's nice to keep the cash in the bank and get help with financing bigger ticket items in the home. At Site we make this process easy and offer some of the best rates in the industry on window shades and accessories through our partner Affirm. We have a special relationship that allows clients to 100% finance their shades at the click of a button.

To apply simply 801-203-3612 or simply click on the chat link from any of the pages here at Site Shade Company and request a financing link. From there we will put you in contact with our preferred financing provider!
